KERB WEIGHT- The weight of the vehicle including a full tank of fuel and all standard and optional equipment. It does not include the weight of the driver, any passengers or cargo.

GVM - Gross Vehicle Mass - The maximum permitted mass of the vehicle including the driver, passengers, fluids and the load.

PAYLOAD - The capacity in terms of weight that a vehicle is able to carry. It does not include the weight of the vehicle itself. The payload stated above is the gross payload not including the driver.

MIRO - Mass in Running Order - The total weight of a vehicle when it is empty and ready to be used on the road without carrying any passengers, goods or other items. It does include the driver and all the standard equipment.

GTM - Gross Train Mass - The combined weight of the vehicle, trailer and payload.

* 9 Seat Tourneo BEV entitles do NOT have towing capacity!

**The CO₂ values provided are applicable to standard configurations. Please be advised that the addition of optional features may result in an increase in the final CO₂ value or, in some cases, the VED band may change.

KERB WEIGHT- The weight of the vehicle including a full tank of fuel and all standard and optional equipment. It does not include the weight of the driver, any passengers or cargo.

GVM - Gross Vehicle Mass - The maximum permitted mass of the vehicle including the driver, passengers, fluids and the load.

PAYLOAD - The capacity in terms of weight that a vehicle is able to carry. It does not include the weight of the vehicle itself. The payload stated above is the gross payload not including the driver.

MIRO - Mass in Running Order - The total weight of a vehicle when it is empty and ready to be used on the road without carrying any passengers, goods or other items. It does include the driver and all the standard equipment.

GTM - Gross Train Mass - The combined weight of the vehicle, trailer and payload.

* 9 Seat Tourneo BEV entitles do NOT have towing capacity!

**The CO₂ values provided are applicable to standard configurations. Please be advised that the addition of optional features may result in an increase in the final CO₂ value or, in some cases, the VED band may change.

KERB WEIGHT- The weight of the vehicle including a full tank of fuel and all standard and optional equipment. It does not include the weight of the driver, any passengers or cargo.

GVM - Gross Vehicle Mass - The maximum permitted mass of the vehicle including the driver, passengers, fluids and the load.

PAYLOAD - The capacity in terms of weight that a vehicle is able to carry. It does not include the weight of the vehicle itself. The payload stated above is the gross payload not including the driver.

MIRO - Mass in Running Order - The total weight of a vehicle when it is empty and ready to be used on the road without carrying any passengers, goods or other items. It does include the driver and all the standard equipment.

GTM - Gross Train Mass - The combined weight of the vehicle, trailer and payload.

*The CO₂ values provided are applicable to standard configurations. Please be advised that the addition of optional features may result in an increase in the final CO2 value or, in some cases, the VED band may change.

FORDLive	All new Ford Pro vehicles include FORDLive*, a complimentary connected uptime service which helps keep your vehicles operational and on the road. With FORDLive, eligible customers can maximise uptime by viewing vehicle health information through FordPass, Ford Telematics or Ford Telematics Essentials and in parallel our Transit Service Dealers can use the same smart information to more effectively support vehicle uptime. And we do not stop there. Ford uses connected vehicle health data to monitor vehicle health trends to look for and find ways to improve our products, helping to maximise uptime for our customers.	FREE (£0.00)	Activated from vehicle delivery for eligible customers and vehicles, FORDLive uses limited connected vehicle data. Automatic activation from delivery for eligible fleet/business customers on Transit Custom purchased from 17/06/24. Excludes retail private owners, converted vehicles, government and blue light vehicles, and leasing companies with private operators. For further details please contact your nearest Ford Pro representative. FORDLive can be cancelled at any time.

¹ Ordered on Central Billing

² Single alloy wheel, price excludes Centre Cap, Wheel Nuts, Tyre and fitting

³ Item is non-Ford branded from an approved supplier

Effective from: 1st April 2026

For any more information about any of the included Ford Accessories, or to view a full range of Ford Accessories visit www.ford-accessories.co.uk

This price list shows both original Ford accessories as well as a range of carefully selected products from third party suppliers, identified under that third party supplier's brand name.

Please note that third party supplier branded accessories do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer.

Fitting of accessories may have an impact on your vehicle's fuel consumption. Prices do not include fitting unless otherwise stated. Please refer to your Ford Dealer for fitted prices.

255	999	M	£25.00	£55.00	£1,732.80	£5,690	£7,502.80

The delivery charge is included in the Basic Recommended Retail Price and is made on all models for delivery to the Dealer's premises. Where delivery is not made to the customer at the Dealer's premises a further charge may be made by the Dealer.

The Vehicle Excise Duty (VED) charged on new cars is based on their engine's CO₂ emissions* (expressed in grams per kilometre (g/km)). All CO₂ emissions figures in g/km are derived from the Worldwide Harmonised Light Vehicle Test Procedure (WLTP). These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load.'

You can also use Ford's online configurator to build and customise a new Ford vehicle: www.ford.co.uk/configurator. The configurator provides information about your configured vehicle's fuel consumption and CO₂ emissions (these are also WLTP test figures).

The chart above shows the Bands and the VED which will be levied for vehicles registered from 1st April 2026 onwards.

If a car's list price is over £40,000 (Petrol / Alternate Fuel) or £50,000 (Zero Emissions) including VAT and factory fitted options at first registration, the customer will pay an additional VED charge (£440 from 1st April 2026) for five years after the end of the first registration (in addition to the standard VED charge per year, currently £200).

Tourneo Custom Pricelist

OTHER PRICING CONSIDERATIONS

Customer Order Price Protection

Ford's Price Protection Plan means that the price you pay is the same as the price on your order as long as you are prepared to accept delivery within three months, and in any event, as soon as your vehicle is available. Your Dealer has full details of the plan. Ford Motor Company Ltd is not liable for changes in price caused by Government changes in tax rates or changes in other applicable legislation.

VAT

VAT is shown calculated at 20%. The total price of a vehicle, including factory fitted options and accessories fitted by the Ford Dealer, will be subject to VAT on retail sale.

Price Changes

This price list outlines Ford's recommended on the road prices and recommended retail prices. Please contact your Ford dealer for final sale prices. This price list is effective from [1st April 2026](#), and supersedes all previous price lists. The recommended prices in the publication were true and accurate at the time of printing. You should, however, check details with your Dealer as there may have been changes to Ford's recommended prices in view of Ford's policy of continuous development. Ford reserves its right to change its recommended prices at any time. Change to government legislation or tax changes could result in a change to Ford's published recommended prices.

ILLUSTRATIONS, DESCRIPTIONS AND SPECIFICATIONS

The product information in this publication was correct at the time of going to print. However, Ford's policy is one of continuous product development. The right is reserved to change specifications and colours of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability.

Some images portrayed are of a pre-production model and/or are computer generated, therefore the design / features on the final
